# IP65 RATED | BUILT-IN DRIVER | 50,000 HOURS LIFE TIME

Natural light is not always reliable and often does not give crops the light they need to grow and thrive. The New HORTLITE Vertical Series is designed for multi-level or single-level indoor growing. Also it can offer higher light intensity, better coverage, more advanced features (timer and dimmer control), same warranty, ETL and DLC Listed and SIGNIFICANT Savings.

The GL04A 750W Full Spectrum LED grow light is the go-to high-efficiency fixture for indoor grow rooms enhanced. 8 light bars deliver extremely high light intensity and uniformity across a 4' x 4' or 5' x 5' footprint to drive unbeatable growth rates and flower production.

## HORTLITE

SKU MGL04A750W27V3SGDA

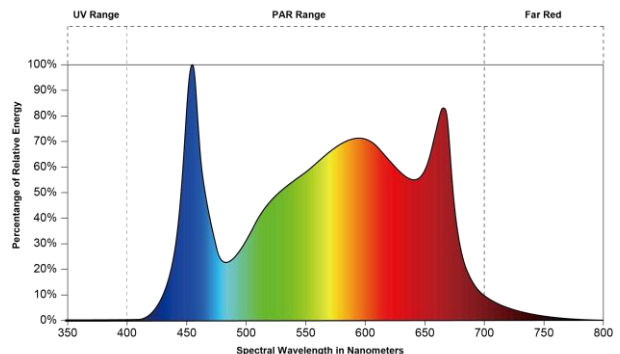

### Features and Benefits:

- Full spectrum(3000K + 6500K + Deep Red)
- Premium LUMILEDS & Osram horticulture LEDs
- Reliable Sosen LED driver, built-in manual dimming knob allows the user to lower the wattage
- 120-277VAC Input, 347-480VAC optional
- AL 6063 materials and 180° foldable fixture
- ETL, DLC Listed, IP65
- Five Year Warranty (Terms and Conditions Apply)

A mixture of horticultural whites and specialized red chips provide enhanced full-spectrum output for full-cycle growth.

3000K + 6500K + Red LED total up to 2240 pcs, and an impressive efficacy of 2.9  $\mu\text{mol/s}$  per watt. HORTLITE's engineers achieved a realistic PPF: 2175  $\mu\text{mol/s}$  with the perfect ratio. That will help you achieve return on investment (ROI) and help you plant more for less.
